In several countries we found guidelines on HIV, Hepatitis B/C. With the development of the country-specific medical conditions, we will include this data. On Friday the 17th of September the AHP visited “HIV im Dialog”, especially the seminar on HIV/Co-Infections with different physicians of medical practice, specialized on HIV. Here I try to make a contact.</p>		
11/2010	We discussed our network in MR II and decided to work together with new cooperation partners. For our work package the clinic in Szczecin is the most important polish partner in our proximity with experience in diagnostics/therapy of HIV & co-infections. Here were try to involve Dr. Boron in our project. Also we search contact to the new diagnostic/therapy centre in Zielona Gora, which is now starting.
